**Section 1
Mandatory Pre-Bid Meeting Notes and Sign-In Sheet**

Q1: What does Site Preparation and Restoration include?

SARP10: Site Preparation and Restoration is intended to compensate the contractor for work required to restore unimproved (unpaved) areas where a manhole is raised such as a yard or easement. If significant clearing and grubbing is required to access a manhole in a heavily wooded area, additional compensation will be provided as deemed appropriate by SARP10.
