**RE: Consent Decree for City of Memphis WCTS
Civil Action No. 2:10-cv-02083-SHM-dvk
Interim Priority Areas Project Report**

Mr. Ammon and Ms. Calabrese-Benton,

Section V, Paragraph 11.a., Priority Rehabilitation Projects, of the consent decree between the City of Memphis and the USEPA requires the City to submit an Interim Priority Areas Project Report. As such, please find a copy of the report for review and comment.

Please note that after the report was submitted for public comment on September 12, 2018, a few minor changes were made. These changes included correcting the footage of force mains in the Priority Rehabilitation Area on page 2-1 from 10,682 linear feet to 3,300 linear feet and revising a transcription error on Table 3.1 Gravity Main Rehabilitation Recommendations.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Bobby D. Allen, P.E.
Administrator, Environmental Construction
Public Works
City of Memphis
