

**Request for Bid**  
**Old Loos Hwy 51 Emergency Sewer Line Replacement Addendum # 1 to**  
**RFB No. 179821.71.0405**  
**June 04, 2015**

The following information encompasses Addendum # 1 for the above referenced RFB. Bidders shall fully consider and acknowledge this Addendum in the preparation and submittal of its formal Bid. Failure to do so may result in the rejection of the Bid.

Section 1 – Additional Prequalification Instructions

Section 2 – Sign-In Sheet

---

**Section 1: Additional Prequalification Instructions**

Firms that are not prequalified for SARP10 construction projects and intend to submit a bid will be asked to provide safety and financial information for review prior to accepting and opening the bid on June 8<sup>th</sup>. This process begins by following these instructions from the Legal Notice:

- First step is to register at the following web address and reference “SARP10 Program” in the Products, Services, Location (s) field Web Address: <http://bv.com/home/capabilities/service/Procurement> . Then select Supplier and Subcontractor Registration on the left hand side of the screen. *Email Aaron Kinkelaar at KinkelaarAB@BV.com when this step is completed.*
- During the second step, a Black & Veatch Sourcing Specialist will send a separate email requesting additional information for review and approval by SARP10.

The first step listed above must occur by the end of the day today, June 4<sup>th</sup>. A high level review of safety and financial information of firms that are not prequalified must occur prior to opening of the bid. This information will be requested as soon as the first step above is completed, and the requested information must be provided by 5pm (local time) on June 5<sup>th</sup> in order for this review to occur. The complete prequalification process will be required prior to entering a contract. Firms will be notified as soon as possible if there are any concerns with the information provided; the expediting of this process is beneficial to all.
