

**Request for Proposal**  
**Stiles Vortex and Outfall Pipe Addendum No. 1 to**  
**RFP No. 185332.75.2000 (formally 179821.75.2000)**  
**September 30, 2014**

The following information encompasses Addendum No. 1 for the above referenced RFP. Bidders shall fully consider and acknowledge this Addendum in the preparation and submittal of its formal Proposal. Failure to do so may result in the rejection of the Proposal.

Section 1 – Clarification of the Technical Prequalification Submittal requirements and the Prequalification process.

Notes from the Mandatory Pre-Bid Meeting and Sign in Sheet will be provided in a future Addendum

---

**Section 1:**

Please note that the deadline for the Technical Prequalification Submittal has been extended to October 17, 2014.

The Technical Prequalification Submittal requirements are as follows:

**Technical Prequalification Submittal Requirements:**

- General company information – general description of the company history, size, location, number of staff, etc.
- Experience – list 2 to 5 projects of similar complexity and magnitude with descriptions of the projects, and references (with phone numbers and e-mails) that can be contacted for verification.

**Notes:**

- The Technical Prequalification Submittal is due October 17 2014, prior to submitting the proposal. The additional requested information in Section 00260 Instruction to Bidders of the RFP is to be provided with the proposal.
- The overall Technical Prequalification Submittal should be no more than 10 pages.
- In addition to the Technical Prequalification Submittal, registration and prequalification with Black & Veatch Corporate Sourcing is also required by October 17 2014. Once Bidder has registered at <http://bv.com/home/capabilities/service/Procurement> please notify Aaron Kinkelaar by email at [KinkelaarAB@bv.com](mailto:KinkelaarAB@bv.com) . An email will be sent from B&V Corporate Sourcing with additional prequalification questions. These may vary slightly from requirements listed in the Advertisement.
