Request for Bid
For
SARP10 Program
RFB No. 179821.71.0405 Old Loosahatchie Hwy 51 Emergency Sewer Line Replacement**

Black & Veatch and Overland Contracting (a subsidiary of Black & Veatch), as the Program Manager and Construction Manager for the Sewer Assessment and Rehabilitation (SARP10) Program on behalf of the City of Memphis, is soliciting Request for Bid (RFB) for the Old Loosahatchie Hwy 51 Emergency Sewer Line Replacement scope of Work.

The scope of Work for this bid involves a sewer line relay of approximately 6,000 LF of the Old Loosahatchie 42" Sewer Interceptor near Highway 51 & Watkins. The Contractor will be replacing the current interceptor with 42" Hobas pipe. It is intended that the Contractor will use the existing easement of the Old Loosahatchie interceptor. There will be some portions of the interceptor that must be installed using trenchless technologies, such as the segments under Highway 51. The interceptor depth ranges between 20'-30'. This Work also includes replacement of 15 manholes. The impetus for this work is due to failures and settling on this portion of the Old Loosahatchie sewer interceptor.

Beginning on **June 1st, 2015**, the documents comprising the RFB may be obtained from the City of Memphis website:
