

Notice of Intent to Award

To: Paul Patterson / Bobby Allen (City of Memphis)
From: Bently Green / Mike High (Black & Veatch / Overland Construction Inc.)
Date: February 1, 2019
Project: Wolf River 120 Sewer Interceptor Design
Project No.: 400591.78.0103
City Contract: 30361

In conjunction with the City's Consent Decree Sewer Assessment and Rehabilitation Program, Statements of Qualifications (SOQ) were received for the above referenced project at the SARP10 Office on January 17, 2019. Six Engineering design firms submitted SOQs for this design project. Listed alphabetically the firms are Askew Hargraves Harcourt (A2H), Fisher Arnold (FA), Hazen and Sawyer (Hazen), Lamar Dunn & Associates (LDA), Pickering Firm Inc. (PFI), and Smith Seckman Reid (SSR).

All firms were pre-qualified and approved to compete for this work.

Subsequent due diligence has been conducted on the SOQs submitted by each firm. Hazen's SOQ has been found to be the most responsive, in order, and compliant with the projects scope of work.

Hazen proposes an M/WBE participation of 12%, meeting the project goal established for this project of 12%.

It is therefore our recommendation that this design contract be awarded to Hazen and Sawyer. The Program Team will start negotiations with Hazen. In the meantime, and upon the city's approval, we will move into formal negotiations to get the contract completed and a Notice to Proceed issued. If for some reason, a Scope and Fee Agreement can not be reached with Hazen Sawyer we will move on to talk to Lamar Dunn & Associates.

If you concur with the Program Teams recommendation, please confirm the City's approval.

Thank you,

Bently C. Green, P.E.
Program Manager
