Q1: Is there an Engineer's Estimate or budget value for the following project?
SARP10 Program Group 3 CIPP, BID No. 419768.71.0387

SARP10: This is a SRF funded project with a budget of \$6,000,000. Based upon the winning bidder's unit prices, the program will maximize the number of repairs completed.

Q2: Does the MWBE goal of 15% have to have in addition the MBE 2.6% and WBE 2.6% included this amount?

SARP10: The 2.6% target for Minority Business Enterprises (MBE) and Women Business Enterprises (WBE) is a goal for SRF. To qualify, contractors must be registered on the State of Tennessee Disadvantaged Business Enterprise (DBE) list. Concurrently, the 15% objective is a goal with SARP10, necessitating subcontractors to be enlisted on the City of Memphis Equal Business Opportunity (EBO) list. The overarching aim is to achieve a comprehensive Minority and Women Business Enterprise (MWBE) participation rate of 15%, ensuring a minimum threshold of 2.6% representation within both MBE and WBE classifications.
