**Section 1**  
**Additional Bidder Questions Received to Date**

**Q1:** Is an engineer's estimate available for the Raleigh Millington Sewer Improvements SARP10 Program project?

**SARP10:** We are not sharing the proposed budget for this project.

**Q2:** The RFB for the above referenced project stipulates in section 00170.6 Minority / Women Business Enterprise (M/WBE) Requirements that 15% DBE participation is required for all bidders with the DBE firms selected from the City of Memphis EBO list. The Tennessee legislature has passed HB 0923 and SB1084 which prohibits county, municipal or other government entities from requiring discriminatory preferences to increase diversity, equity or inclusion in the bidding process. Please address this requirement in light of the recently passed laws.

**SARP10:** This project is funded through the American Rescue Plan Act grant (ARPA) and the grant contract was executed prior to the new law taking effect. Therefore, the MBE requirements remain in full force for this and all SARP10 projects that are ARPA funded.
